A warm welcome

TO MAINAU ISLAND

Whether it is spring, summer, autumn or winter – The Flower Island of Mainau is a wonderful experience at any time of the year. We look forward to welcoming you here to enjoy the park and gardens. It provides fascinating sights and breathtaking views over an area of 45 hectares with its stunning array of flowers.

Our father Lennart Count Bernadotte, son of Prince William of Sweden and the Grand Duchess Maria Pavlovna of Russia, developed the former palace park of his great-grandfather Frederick I of Baden into a plant and flower paradise and opened it to the public.

Mainau Island is also a unique destination for young and old alike with one of the biggest butterfly houses in Germany, the Mainau Adventure Park for children, and our wide range of gastronomic delights.

We wish you a very warm welcome to Mainau Island to pause, relax and enjoy the island.

We look forward to your visit.
