DIRECTIONS TO MAINAU ISLAND AND MAP OF THE ISLAND

A warm welcome!

TO MAINAU FLOWER ISLAND

In the truest sense of the word, Mainau provides extraordinary surprises every time you visit: Our sequoia trees in the arboretum impress with their monumental trunks, in Germany's second-largest butterfly house you can admire exotic butterflies in the midst of a tropical-like setting and in the palm tree house holiday feelings arise. On the flower island, it is also worthwhile taking a closer look at the seemingly trivial: For instance, in the insect garden, we focus on bees and their tremendous importance to nature and the environment. In the herb garden, you will gain surprising insights into the healing power of various plants.

And in case you focus from time to time on single blossoms, leaves and stems instead of vast fields of flowers, you will probably discover amazing variations of colour, form and fragrance.

Enjoy all the many aspects of Mainau Island and offers large and small. We are looking forward to your visit.
